As for the music list, please only mark the songs you absolutely must hear, or maybe use a different colored pen for songs you like but don't care if they are played. It helps us if you can try to keep your "must play" song list under 30 songs maximum because otherwise it's hard for us to play requests from your guests and keep the dance dynamic. Don't feel that you're obligated to pick 30 songs- we've had customers only pick a few songs and the dance turned out great.

Are there any songs you absolutely **don't** want played? \_\_\_\_\_

Is there anything else we should know? \_\_\_\_\_
